Subject: Internal Funds Transfer Limits for Home Remittance Transactions

In order to automate PRI (Home Remittance) related transactions, we have recently upgraded our Remit Home system by creating Application Programming Interface (API), whereby all type of PRI related transactions sent by exchange companies are routed from Remit Home System to its destination according to its type based on the transactional limits set in the middleware (VISION).

Via this memo, we would like to establish the limits on VISION for each type of PRI transactions that are received from our tie-up exchange companies for smooth processing.

Hence, keeping in view the current transactional volume, we propose following limits to be set on VISION for each type of PRI related transactions.

PER TRANSACTION LIMIT - FOR EACH EXCHANGE COMPANY

Internal Funds Transfer:	PKR 5,000,000.00
Cash Over the Counter:	PKR 500,000.00
Inter Bank Funds Transfer:	PKR 500,000.00
Annexure – B (RTGS):	No Limit

PER DAY LIMIT - FOR EACH EXCHANGE COMPANY

PKR 20,000,000.00 (INCLUSIVE ALL TYPE OF TRANSACTIONS)

In light of the above justification, we seek your concurrence to update aforesaid limits on VISION for smooth processing of PRI (Home Remittance) transactions.
